

Clip Posting Plan

The Business Stick HQ · Costco \$1.50 hot dog · @TheBusinessStickHQ everywhere

Every day: post the same clip on each app, one at a time. Copy what's in each dashed box.

1. **YouTube Shorts** (YouTube app → + → Short): paste the title, set **Related video** to the full Costco video.
2. **TikTok** (TikTok app → +): paste the caption.
3. **Instagram Reels** (Instagram app → + → Reel): paste the caption. Turn on **Share to Facebook** to post on Facebook at the same time.

Tips: always upload the original file (never a downloaded TikTok with a watermark) · post around the same time each day (evening works well) · reply to comments in the first hour.

Day 7 = next video day (new long video + its best clip).

Day 0 · video day (tonight, ~2–3 hours after the video)
