Chick-fil-A Film — Shot Switch Sheet v2 (BRAM narration, decoded durations)

MOVEMENT RULE: minimal. Each picture gets ONE slow, gentle push-in — or holds still. Zooms only where a beat is marked ZOOM (the close-up pictures). No pans, no variety moves. NO SILENT SHOTS: CF-003/003B play under CF-002's line; CF-101 takes the final line's tail. BRAM-122 is an unused duplicate — it plays nowhere.
