Hook clips & parts

Cut from the week’s long video. Every hook clip ends on the “Full story on YouTube” end card. Shorts: set Related video → the long video.

Slideshows & emotional shorts

Standalone business content — not tied to the week’s video. Slideshow: hook on slide 1, one fact per slide. Emotional: a moment people in business relate to.

Intro video (Day 6)

“New here?” intro + this week’s video + next week’s video. Ends with Follow / Subscribe so new viewers are ready for Day 7.
